| 14. | Clopidomed-75 | Clopidogrel Bisulphate 75 mg | 10 x 10 | Alu - Alu |

FROM THE DIRECTOR'S DESK

DR. MADHU CHHAJER
DIRECTOR, MEDBIRD PHARMA

When I first stepped into the healthcare sector over 27 years ago with SAAOL Heart Care, I was guided by a simple yet unwavering belief that health is the greatest gift we can give to ourselves and others. Over the years, I experienced firsthand the transformative power of accessible, high-quality care. This belief became the cornerstone of my journey, from developing in-house heart care formulations at SAAOL Pharma to expanding that vision into a broader landscape with Medbird Pharma.

At SAAOL, our focus centered on non-invasive cardiac care, allowing countless individuals to manage heart disease without surgery. Yet, through these experiences, I came to understand that health concerns extend far beyond the heart encompassing diabetes, bone health, gastrointestinal wellness, and more. It was this realization, and a desire to offer comprehensive solutions for everyday health challenges, that led to the creation of Medbird Pharma.

Medbird Pharma reflects the same values I have always cherished compassion, integrity, and a steadfast commitment to excellence. As a pharmaceutical marketing company, we work to promote and distribute a diverse range of healthcare products, ensuring that essential medicines are not just available but truly accessible.

My years in healthcare have taught me that trust is the foundation of any meaningful patient relationship. Medbird Pharma is a reflection of that trust an extension of my dedication to reaching beyond heart care to touch more lives. Together, we can continue to build a healthier tomorrow, one step at a time.

Thank you for your trust and support. Let's shape a future where quality healthcare is within everyone's reach.
